

Berlin-Friedrichshain- Kreuzberg

Twinning association since 2006

Elke Wansner
Chairwoman
Partnerschaftsverein
Wiesbaden – Berlin-
Friedrichshain-Kreuzberg
e.V.

Town twinning means friendly relations between local communities, which enhance their feeling of togetherness. It is enriching through an exchange of experiences and intercultural encounters and it thrives thanks to the commitment of citizens who take an interest in it.

Our twinning with Berlin-Kreuzberg came about in solidarity along with the desire to give support. Today, the new merged district of Berlin-Friedrichshain-Kreuzberg with its dynamic development is a friendly partner, with whom we exchange experiences and development solutions. With meetings of schoolchildren, youth sports groups and students at music schools and much more our twinning programme is alive and enriches us mutually.

For the future, what we want is to expand the existing exchange between our local authorities further, so that future-oriented developments will help us to broaden our horizons. We shall be happy to support the current cooperation between the two music schools in the future as well. We would also like to extend our longstanding and growing relations in youth football with mutual participation at tournaments to other sports.
