

Fondettes

Twinning association since 1975

Jean-Pierre Choplain
Chairman
Jumelage Fondettes-Naurod

In the future, for our twin towns one thing begins clear is to remained in course with our exchanges in order to develop European projects in various topics such as education, environment.

Fondettes Town Council enthusiastically supports the twinning link. The very active Fondettes-Wiesbaden-Naurod twinning association, which has just celebrated its 40th Anniversary, has maintained stable ties between the two towns. It promotes and fosters friendship and understanding between the people of Fondettes and the people of Wiesbaden-Naurod. It encourages visits by individuals and groups of all ages to and from the link towns. In addition, the association provides valuable support with the planning of trips or for the care of guests in Fondettes. Nowadays, everyone had found friends who are like family within the two towns.
